John Legend's song "All of Me" is a dedication to his wife Chrissy Teigen. The song was inspired by his then-fiancee Chrissy Teigen, whom he had met in 2007 and married in 2013. The music video was shot in Italy days before Legend's wedding. Legend later said, "This song was the first thing we wrote together. It was very special." The song is characterized by its beautiful melody and heartfelt lyrics, which detail the love and admiration the singer holds for his partner. The chorus of the song goes, "What would I do without your smart mouth, drawing me in and you kicking me out? Got my head spinning, no kidding, I can't pin you down."

"All of Me" features lyrics that celebrate the imperfections and quirks of a loved one, emphasizing the beauty in their uniqueness. The chorus of the song is as follows:

What would I do without your smart mouth,
Drawing me in and you kicking me out,
Got my head spinning, no kidding,
I can't pin you down.

The song was released in August 2013 as the third single from Legend's fourth studio album, "Love in the Future." It gained popularity for its romantic and heartfelt lyrics, and it was a commercial success, reaching the top 10 in several countries, including the United States and the United Kingdom.

The song's melody is accompanied by a piano and string arrangement, giving it a warm and intimate feel. The music video features Legend performing the song in a variety of locations, including a romantic dinner with Chrissy Teigen and a performance in front of a live audience.

"All of Me" has been covered by numerous artists and has been used in various contexts, such as ads for Audi cars, "The Bachelor," and "The Bachelorette," as well as in films like "The Other Woman." The song's enduring popularity is a testament to its emotional depth and universal appeal.
What would I do without your smart mouth
Drawing me in and you kicking me out
You've got my head spinning no kidding
I can't pin you down

Cause all of me
Loves all of you
Love your curves and all your edges
All your perfect imperfections
Give
