Nine times in India and three times in Indonesia, the intact work of Bawa in Sri Lanka is a list of buildings in Sri Lanka which were designed in the office of Edwards Reid and Berg under the direction of Geoffrey Bawa between 1958 and 1989 or by Geoffrey Bawa Associates between 1990 and 1997 and which have survived more or less intact. A brief on the works and life of Geoffrey Manning Bawa is the history of the architecture of Sri Lanka from the beginning of Bawa's career until his death in 2003. Geoffrey Bawa's influence on the architecture of Sri Lanka and the wider region is profound, and his work continues to inspire architects and designers around the world. Bawa's work is characterized by a deep understanding of the local environment and culture, and a commitment to creating buildings that are both beautiful and functional. His use of local materials and techniques, as well as his respect for the natural landscape, has resulted in a distinctive architectural style that is uniquely Sri Lankan. In addition to his work in Sri Lanka, Bawa also created important buildings in other countries, including the United States, France, and India. His influence can be seen in the work of many contemporary architects, and his legacy continues to inspire new generations of designers. Overall, Geoffrey Bawa's work is a testament to the power of architecture to transform and enhance the landscape, and his influence on the architectural world is immeasurable.
